

Thirst in the news: Future Exotics
Issued by: [Thirst Bar Services](#)

Once again, Thirst Bar Services proved why they are creating a storm in Cape Town as they were the sole cocktail bar providers for Future Exotics, one of the most exclusive companies in Cape Town.

Style. The word associated with Future Exotic's launch held on the 14th, 15th and 16th April where the who's who of Cape Town's business and social circle gathered. Sticking to the theme of style and exotics, Thirst was there to provide their elegant bars which they are now famous for as well as their unique and renowned cocktails such as their fresh Watermelon Martini, Eternal Reposado and Coco Loco Martini, to name just a few.

Elegantly surrounding Thirst's bars was the fabulous new Ford Mustang, Rolls Royce Phantom, the Ferarri F430 and the classic Shelby GT500. This was all topped off with a fashion show hosting SA's top models and finished off with Thirsts' own finest bartenders once again, making a recipe for success.

Watch out for Thirst launching their new and highly anticipated coffee and herbal tea menu with demonstrations at the Decorex Show at the CTICC next week.
